ERRATUM

Released: October 9, 2007

By the Chief, Public Safety and Homeland Security Bureau:

On October 4, 2007, the Commission released an *Order on Reconsideration*, FCC 07-177, in the above captioned proceeding. In order to ensure compliance with the Paperwork Reduction Act of 1995, Public Law 104-13, this Erratum corrects paragraph 41 of the *Order on Reconsideration* to read as follows:

Final Paperwork Reduction Act of 1995 Analysis. This Order on Reconsideration contains new information collection requirements subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13. It will be submitted to the Office of Management and Budget ("OMB") for review under Section 3507(d) of the PRA. OMB, the general public, and other Federal agencies are invited to comment on the new or modified information collection requirements contained in this proceeding. In addition, we note that pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4), we previously sought specific comment on how the Commission might "further reduce the information collection burden for small business concerns with fewer than 25 employees." In this present document, we have assessed the effects of requiring LECs and CMRS providers to have back-up power or emergency back-up power compliance plans and to file reports regarding compliance with these requirements as set forth in Section 12.2 of our rules. We have specifically exempt LECs that meet the definition of a Class B company set forth in Section 32.11(b)(2) of our rules,¹¹⁷ and non-nationwide CMRS providers with no more than 500,000 subscribers. We find that this imposes minimal regulation on small entities to the extent consistent with our goal of advancing our public safety mission.
